

## About me.

I am a retired vocational teacher, who loves to tinker with stuff. I have no illusions of striking gold but paying for my hobby is not a bad outcome. Reasonable prices, quality work, and having my art in gardens or homes across the US (or world) would be a satisfying accomplishment.

Fill out the form and send it to my home or email me. Let's create something special for your garden, railroad, or pet.

Emil Decker

## Pet Memorial Stones

Your pet was a part of the family, but now he's gone. We cannot stop the pain, but we can help you remember the good times, by custom designing a memorial stone for your best friend. A memorial tribute can be created in several sizes or types of stone.

## Garden Rocks

Poems, plant identification, or decorative designs carved into stone are made to last. Beautify your yard while expressing your inner soul. Your imagination is the only limit to what we can achieve.

## Commemorative Stones

Anniversaries, birthdays, or other special events call for a memory stone to mark the occasion. Graphics, photos, date and more can be engraved to a stone, Solid, permanent, and beautiful, a commemorative stone can be the perfect answer to the question, "What can I give?"

## Mystery Inscription

Stones can be carved for any reason, event, or purpose you can think of. From house numbers to the equivalent of an auto vanity plate, simply a desire to have a custom rock with the image, words, or whatever you desire can be achieved. The question is simply....."What do you want?"
